USG “F” FISSURED™ BASIC ACOUSTICAL PANELS

FEATURES AND BENEFITS
• Balanced Acoustics. NRC and CAC.
• Cast product with durable surface that resists scrapes commonly caused by accessing the ceiling plenum.
• Zero VOC emissions exceed CA Specification 01350.
• USDA Certified Biobased Product.6
• 12”x12” tile with the USG Donn® Brand DX®/DXL™ Concealed Acoustical Suspension System creates a “gridless” appearance.

APPLICATIONS
• Administrative offices
• Schools
• Financial institutions
• Religious buildings

SUBSTRATE
• Cast mineral fiber

TO ORDER SAMPLES, GO TO USG.COM OR CGCINC.COM

#### PHYSICAL DATA/FOOTNOTES

- **Grid Profile Options**: A selection of panel sizes and configurations for various applications.
- **USG “F” FISSURED™ BASIC PANELS**: Detailed specifications and ratings for basic acoustic panels.
- **USG “F” FISSURED™ BASIC TILE**: Specific characteristics and performance metrics for basic tiles.
- **Zero Emissions (VOC)**: Third party certified for low-emitting performance, meeting California Department of Public Health’s (CDPH) Standard Method v1.1 - 2010 (CA Section 01350). ‘Certificates of Compliance’ for Low VOC Emissions are available on usg.com.
- **High Recycled Content**: Classified as containing greater than 50% total recycled content. Total recycled content is based on product composition of postconsumer and preconsumer (postindustrial) recycled content per FTC guidelines.

#### Notes

1. Details, LEED report tool at usgdesignstudio.com or cgcdesignstudio.com.
2. LR values are shown as averages.
3. Contact USG for adhesive recommendations for 12”x12” glue-up applications.
4. Not UL Classified for acoustics.
5. Maximum 2’x2’ with SQ edge panels.
6. This product has achieved both BioPreferred initiatives: Federal Procurement Preference and Certified Product Labeling. See the complete listing of all USG ceiling panels on biopreferred.gov website.

#### Product Literature

- Data sheet: SC1816
- ASTM E1364 classification
- Type II, Form 4, Pattern D
- ASTM E84 and CAN/ULC S102 surface-burning characteristics
- Class A: Smoke developed: 50 or less
- Weight: 1.70 lb./sq. ft.
- Thermal resistance: R-17
- Maintenance: Can be cleaned easily with a soft brush or vacuum.
- Texture: The manufacturing process for cast ceiling panels creates natural, subtle texture variations, which is a distinguishing feature of these products. Because of potential variances between production dates, we recommend ordering and installing cast products by production lot number.

#### Safety First!

- Wear personal protective equipment. Read SDS and literature before installing.
- Wipe up liquid spills immediately.
- Protecting ceiling surface from damage during installation.
- Use sheets to catch drops and splatters.

### High Recycled Content

Composite of USG “F” Fissured™ Basic ceiling products shows range to be expected in a production lot and possibly in the same panel or tile. Ranges are random and cannot be specified. Texture appearance will vary based on ceiling height, installation methods and natural variations of the product.
