Fax: 312 672-4093

Founded in 1902

USG Mexico S.A. de C.V.

- is a subsidiary of USG Corporation based in Mexico City.
- has been the leading supplier of wallboard and related components in Mexico since 1969.
- manufactures and distributes TABLAROCA® brand gypsum panels, the leading drywall brand in Mexico.
- employs more than 680 people.
- reported net sales of \$154.1 million (U.S.) for 2011.
- markets building systems for commercial and residential construction, including (domestic products) gypsum wallboard, cement board, metal products, joint compound, textured board, construction plaster and industrial gypsum, as well as (imported products) acoustical ceiling and suspension systems.
- has its main office in Mexico City and sales offices in Monterrey, Guadalajara, Tijuana and Cancun.
- has five manufacturing facilities: Monterrey (gypsum and wallboard, joint compounds and metal products and cement board), Puebla (gypsum and wallboard, joint compounds and metal products), Saltillo (construction and industrial plasters), San Luis (construction plasters) and Tecoman (gypsum wallboard).
- exports to Japan, El Salvador, Guatemala and all major countries of Latin America.
