Mr. Steve Martinez
Wallboard Systems Product Marketing Manager
United States Gypsum Company

Dear Steve,

Intertape Polymer Group, Inc. has tested its GRG sheathing tape as a compatible joint treatment material for use with USG Securock™ Glass-Mat Sheathing Board installed in exterior applications. Excellent adhesion was obtained, and we are pleased to confirm the IPG tape is compatible with Securock™ exterior sheathing panels and suitable for this application.

Respectfully yours,
Intertape Polymer Group, Inc.

Paul E. Rhude
R&D Chemist III
