Features and Benefits

- Collaborate with USG to create a custom design tailored to your space
- Individually fabricated aluminum panels interconnect to form a continuous, uninterrupted plane
- Carrier system is concealed and custom-fit, with choice of three perimeter profiles to achieve proper scale
- Now you can request a contoured pattern that follows the shape of your LIBRETTO™ ceiling, specify a custom graphic or select a standard pattern for a square or rectangular ceiling

Applications

- Contemporary office environments
- Entertainment, gaming
- High-bay areas
- Retail space

Exposed Hanger Solutions

For ceiling islands and other installations with exposed hanger wires, USG offers stainless steel wire and rope wire with a variety of connectors for an attractive alternative to standard 12-gauge wire. See installation guide IC453 for more information.
