# NEW CGC LITE-WEIGHT TAPING COMPOUND HAS ARRIVED!

## THIS SPECIALIZED FORMULA PROVIDES;

Excellent bond

Maximum crack resistance

Excellent open time

Smooth application

## PRODUCT ADVANTAGES:

**READY-MIXED CONVENIENCE:** Lower in-place costs. Speeds work, saves money. Factory-mixed for consistent high-quality. Substantially reduces total drywall installation time.

**EXCELLENT BOND:** CGC Lite-Weight Taping Compound provides superior ease of handling, good crack resistance and excellent adhesion.

**EASY/SMOOTH APPLICATION:** Superior slip enables tools to slide effortlessly over joints, reducing fatigue and improving productivity.

**MORE OPEN TIME:** CGC Lite-Weight Taping compound facilitates working back, even under fast drying conditions. Provides more wet-edge life to prevent rolling and tearing of previously laid compound.

## BUILDING GREATNESS FROM START TO FINISH.
