

**USE CGC ULTRALIGHT
ALL PURPOSE DRYWALL
COMPOUND, OR FEEL
THE WEIGHT ON YOUR
SHOULDERS.**

CGC UltraLight All Purpose Drywall Compound, features a revolutionary formulation that is specifically designed to make this product easy to handle.

Up to 30% lighter than conventional-weight drywall compounds, CGC UltraLight All Purpose Drywall Compound allows you to work faster and easier with greater control and accuracy. It provides easier handling, application and sanding. The lighter weight means decreasing fatigue at the end of the day.

**It's one more reason why CGC is
THE NAME PROS TRUST™.**
