

SHEETROCK® Brand Lightweight Taping Joint Compound

SHEETROCK® Brand Lightweight Taping Joint Compound was created for true tradesmen. Those who believe the only way to do a job is flawlessly. And those who put their pride and reputation behind every one of their projects. With outstanding bond, less waste and easier cleanup, SHEETROCK® Brand Lightweight Taping Joint Compound delivers exactly what you do—extraordinary results.

- Weighs up to 40% less than conventional taping compounds, tapers maintain their production throughout the day without fatigue
- Unique formula needs less water but still has superior slip and flow
- Production is faster, saving time and labor
- Extreme light weight and strong wet tack keeps product from dripping off tools; there is less waste and no mud to clean off floors
- Strong bond expected from USG compounds
