

USE ULTRALIGHTWEIGHT ALL PURPOSE JOINT COMPOUND, OR FEEL THE WEIGHT ON YOUR SHOULDERS.

Introducing SHEETROCK® Brand UltraLightweight All Purpose Joint Compound, featuring a revolutionary formulation that is specifically designed with the finishing contractor in mind.

Up to 40% lighter than conventional-weight joint compounds, SHEETROCK® Brand UltraLightweight All Purpose Joint Compound allows you to work faster, with greater control and accuracy. It provides easier flow and less effort during application. And lighter weight means decreased fatigue at the end of the day.

Another first from USG, The Leader in Lightweight Innovation.™
