Custom linear drain shower floors are available in a variety of shapes and sizes, while maintaining an optimal 2% slope design. Lead time on custom linear trays is 5-8 business days. For large project quantities, please contact your local USG Sales Representative for pricing.

Measuring your custom shower floor

Step 1 – Determine shape of shower area.

Step 2 – Determine location of linear drain.

Step 3 – Measure dimensions of shower area.

Download this order form at **durockshowersystem.com**

Step 1 – Choose your shape

☐ **Square** ☐ **Rectangle**

☐ **Neo Corner** (Choose left or right neo corner)

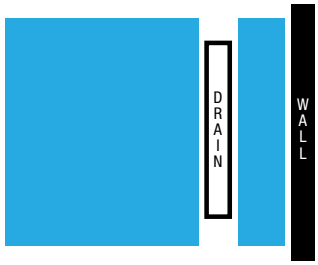
☐ **Right**

☐ **Left**

Step 2 – Determine drain placement

☐ **Against wall**

☐ **Off the wall**



Step 3 – Sketch your custom linear shower floor. Provide dimensions, including drain placement.

For "Off the Wall" drains, measure from wall to center of the drain like in the example to the lower right.
