USG Olympia™ Micro™ Acoustical Ceiling Panels
by USG

Classification: 09 51 00

Product description: Manufactured by USG Interiors, LLC. USG Olympia™ Micro™ Acoustical Ceiling Panels offer high level light reflectance, mold and mildew resistance, ceiling attenuation and noise absorption, making them a perfect choice for classrooms, hotels, reception and lobby areas, restaurants and retail stores.

Section 1: Summary

Content Inventory

| Threshold per material | Residuals and impurities considered in 1 of 1 materials | O | O
|------------------------|--------------------------------------------------------|---|---
| 100 ppm                | O see Section 2: Material Notes | O | O
| 1,000 ppm              | O see Section 5: General Notes | O | O

Based on the selected Content Inventory Threshold:

- Characterized: Yes
- Are the Percent Weight and Role provided for all substances? Yes
- Are all substances screened using Priority Hazard Lists with results disclosed? Yes
- Are all substances disclosed by Name (Specific or Generic) and Identifier? Yes

Content in Descending Order of Quantity

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

Contents highest concern GreenScreen Benchmark or List translator Score: LT-1
Nanomaterial: No

Inventory and Screening Notes:

Chemical inventory of the ingredients in USG Olympia™ Micro™, Olympia™ Micro™ HRC, and Olympia™ Micro™ NRC Acoustical Ceiling Panels. Residuals/impurities in raw materials are quantitatively measured and are displayed in the HPD when greater than or equal to 1000 ppm.

Volatile Organic Compound (VOC) Content

VOC Content data is not applicable for this product category.

Certifications and Compliance

VOC emissions: GREENGUARD Certification - USG Olympia™ Micro™ Acoustical Ceiling Panels

See Section 3 for additional listings.
Section 2: Content in Descending Order of Quantity

This section lists materials in a product and the substances in each material based on the Inventory Threshold for each material. If residuals or impurities from the manufacturing or extraction processes are considered for a material, these are inventoried and characterized to the extent described in the Material and/or General Notes. Chemical substances are screened against the HPD Priority Hazard Lists for human and environmental health impacts. Screening is based on best available information; "Not Found" does not necessarily mean there is no potential hazard associated with the product or its contents. More information about Priority Hazard Lists and the GreenScreen can be found online: www.hpd-collaborative.org and www.greenscreenchemicals.org.

**MINERAL WOOL (BIOSOLUBLE, WITH ALKALINE OXIDE AND ALKALI EARTH OXIDE CONTENT GREATER THAN 18 % BY WEIGHT)**

ID: 65997-17-3

| %: 30.0000 - 50.0000 | GS: LT-UNK | RC: PreC | NANO: NO | ROLE: Core/Basemat |

**HAZARDS:**

None Found

**AGENCY(IES) WITH WARNINGS:**

No warnings found on HPD Priority lists

**SUBSTANCE NOTES:** The synthetic mineral wool fiber used in this product is exonerated from classification as a carcinogen in accordance with Note Q in the EU Commission Directive 97/69/EC. No residuals/impurities at 1000 ppm.

**PERLITE**

ID: 93763-70-3

| %: 10.0000 - 30.0000 | GS: LT-UNK | RC: None | NANO: NO | ROLE: Core/Basemat |

**HAZARDS:**

None Found

**AGENCY(IES) WITH WARNINGS:**

No warnings found on HPD Priority lists

**SUBSTANCE NOTES:** No residuals/impurities at 1000 ppm.

**CELLULOSE, MICROCRYSTALLINE**

ID: 9004-34-6

| %: 10.0000 - 15.0000 | GS: UNK | RC: PostC | NANO: NO | ROLE: Binder/Basemat |

**HAZARDS:**

None Found

**AGENCY(IES) WITH WARNINGS:**

No warnings found on HPD Priority lists

**SUBSTANCE NOTES:** No residuals/impurities at 1000 ppm.

**STARCH**

ID: 9005-25-8

<p>| %: 7.0000 - 9.0000 | GS: LT-UNK | RC: None | NANO: NO | ROLE: Binder/Basemat |</p>

CANCER IARC Group 2B - Possibly carcinogenic to humans - inhaled from occupational sources

CANCER MAK Carcinogen Group 3A - Evidence of carcinogenic effects but not sufficient to establish MAK/BAT value

SUBSTANCE NOTES: Since titanium dioxide is bound within the coating and not inhalable, it is excluded from several regulatory hazard lists. No residuals/impurities at 1000 ppm.

MELAMINE FORMALDEHYDE

ID: 9003-08-1

%: 0.3000 - 0.5000 GS: LT-UNK RC: None NANO: NO ROLE: Binder/Coating

HAZARDS:

AGENCY(IES) WITH WARNINGS:

SUBSTANCE NOTES: No residuals/impurities at 1000 ppm.

QUARTZ

ID: 14808-60-7

%: Impurity/Residual GS: LT-1 RC: None NANO: NO ROLE: Impurity/Residual

HAZARDS:

AGENCY(IES) WITH WARNINGS:

CANCER US CDC - Occupational Carcinogens Occupational Carcinogen
CANCER CA EPA - Prop 65 Carcinogen - specific to chemical form or exposure route
CANCER IARC Group 1: Agent is carcinogenic to humans - inhaled from occupational sources
CANCER US NIH - Report on Carcinogens Known to be Human Carcinogen (respirable size - occupational setting)
CANCER MAK Carcinogen Group 1 - Substances that cause cancer in man

SUBSTANCE NOTES: Impurity found in naturally occurring raw materials.

Section 3: Certifications and Compliance

This section lists applicable certification and standards compliance information for VOC emissions and VOC content. Other types of health or environmental performance testing or certifications completed for the product may be provided.

VOC EMISSIONS

GREENGUARD Certification - USG Olympia™ Micro™ Acoustical Ceiling Panels
Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

Section 5: General Notes

Ingredient specific notes are included in Section 2.
Section 6: References

Third Party Verification by independent certifier
Applicable facilities Manufacturing sites to which testing applies

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator, and when available, full GreenScreen assessments. The HPD Open Standard does not provide an assessment of health impacts throughout the product life cycle. It does not provide an assessment of exposure or risk associated with product handling or use. It also does not address potential health impacts of: (i) substances used or created during the manufacturing process unless they remain in the final product, or (ii) substances created after the product is delivered for end use (e.g., if the product burns, degrades, or otherwise changes chemical composition).

The HPD Open Standard was created and is maintained and evolved by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry. The HPD Collaborative is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

A disclosure completed in compliance with the HPD Open Standard is referred to as a “Health Product Declaration,” or “HPD.” The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD Open Standard noted.
